Contact with Students

Students are entrusted to the schools for educational purposes. Although educational purposes encompass a broad range of experiences, school officials must not assume license to allow unapproved contact with students by persons who are not employed by the District for educational purposes. Teachers may arrange guest speakers on appropriate topics relative to the curriculum. Principals may approve school assemblies on specific educational topics of interest and relevance to the school program. The District normally does not permit other types of contact by non-school personnel.

The District will not allow access to the schools by outside organizations desiring to use the captive audience in a school for information, sales material, or special interest purposes.
