

Cascade Public Schools Modified School Day Survey

Cascade Public Schools is considering the 4-day school week to allow more student/teacher contact time. In addition, the school will establish additional time in the school week for teachers and administrators to work on school improvement. This school improvement will be accomplished through professional development, pupil instruction-related activities, response to intervention and the development of interventions to meet each student's individual needs. Please complete this survey and return to Cascade Schools. Thank you for your feedback.

Please return the survey by April 12, 2019 to the office, your child's teacher, fax, or mail to:
